## President's Message

Hello fellow club members,

I hope all is well with you and your families. This weekend is the Hemet model masters FUN FLY. We will have two events the Spot landing and the Roll, Roll, Roll. The spot landing is pretty self-explanatory. The Roll, Roll, Roll. You Roll a pair of Dice get a number let say 9. Your time starts as soon as you start your take off. You do two rolls/ Or two Loops/ or two circles. You land your aircraft once below flying airspeed you can hand your transmitter to your spotter. Go back to the dice and Roll. Your Time stops once you've hit your original number which was a 9. The Dice evens the playing field. The events are designed to be very low risk to your aircraft and anyone can take part in no matter your skill level with any type of fixed wing aircraft. We will have a Raffle Food and drinks and Prizes. It is a 5\$ fee and a current AMA card no matter if you fly in the events or choose not to. Their will be open flying once the events have been completed and all the festivities have been completed. It was suggested that we try and do more fun things at the club meetings and field. This event is a way to have fun and enjoy the friendship of fellow modelers. I hope you all can come participate in the Fun Fly. Okay Rules at the field. First off, I didn't personally make them. They were written from the AMA Safety guidelines. The guidelines every club MUST follow to retain its Club charter and keep its AMA insurance coverage on the field. And rules were developed over the years by the Members and Board of Directors. Based on either foreseen safety issues. Or accidents that have occurred most likely several times. Here's A basic rule at the field that is repeatedly broken. YOU DO NOT. TAXI FROM THE PITS TO THE RUNWAY. AND YOU DO NOT TAXI FROM THE RUNWAY INTO THE PITS. And it doesn't matter what type of aircraft you have. I personally have seen several collisions of all different types of aircraft and powerplants. These are accidents that shouldn't have ever happened. Look I do not like going on and on about rules. The Rules are posted at the field they are very simple to follow. Because I personally would rather talk to you about your airplane and enjoy your company. Then tell you that when you joined the Hemet Model Masters you agreed to follow the rules so please do so.

See you at the Field !

Carl

**THE NEXT GENERAL MEMBERSHIP MEETING WILL BE HELD  
MARCH 12TH AT 9:00 AM AT THE SIMPSON FIELD**

## **CLUB DUES ARE DUE FOR 2022 AND WE WOULD APPRECIATE YOUR PROMPT PAYMENT**

Renewal dues for 2022 of \$100 are due and we would appreciate your payments at your earliest convenience. Some members have volunteer credits which reduces their amount due by \$20 for each volunteer event (maximum credit of \$40). If you have any questions please contact Steve Staudenmeir at (818) 590-5929. You can mail in your dues to Hemet Model Masters, PO Box 754, San Jacinto, CA 92583 or use PayPal. PayPal Info; hemetmodelmasters@gmail.com ( friends and family no fee). If you use regular PayPay add \$5.00 to cover fees.

# HEMET MODEL MASTERS GENERAL MEMBERSHIP MEETING

Minutes for December 18, 2021

Meeting called to order by President Carl Landou at 9:00 AM

15 members and no guests were in attendance.

A motion was made by Kevin McDonald to approve last months minutes as published in the newsletter and seconded by Rodney Luker. The motion was approved.

The Treasurer's report was given by Stewart Robinson. A motion was made by Rodney Luker to approve the Treasurer's Report and seconded by Dave Kennedy . The motion was approved.

There are no updates available regarding the lawsuit. It is our understanding that we are waiting action on the part of the plaintiff.

About 12 people showed up for the Christmas Party and Toy Drive. The good news is that approximately 30 toys were donated.

We will begin having raffles at club meetings which hopefully will encourage better attendance at general membership meetings in 2022. Members indicated that they would prefer a mix of raffle prizes (as opposed to one big prize). We are talking about ways to make meetings more fun as well.

Howard Hibbler and Ron Schneider are both nominated for safety officer. Carl Lindou indicated that he would like to have two safety officers as that would help provide better safety officer coverage. The members present voted to approve.

We discussed have a Fun Fly in February / March timeframe. Further information to come.

January 15th was selected as the date for a swap meet (subsequently changed to January 8th).

For show and tell, Carl Lindou showed the Excalibur wings he is building from foam core. In addition, Kevin McDonald showed his new E-flite RV-7 1.1m BNF which is available from Horizon Hobby for \$259.99.

There was no raffle but there will be one at the January meeting. Rodney Luker, incoming VP will be coordinating future raffles.

The meeting was adjourned at 9:53 AM.

Minutes submitted by Steve Staudenmeir

# HEMET MODEL MASTERS GENERAL MEMBERSHIP MEETING

Minutes for January 15, 2021

Meeting called to order by President Carl Landou at 9:06 AM

11 members and no guests were in attendance.

The minutes from the December General Membership Meeting were not available and were not read.

The Treasurer's report was given by Garrison Rios. A motion was made by Dave Kennedy to approve the Treasurer's Report and seconded by Stewart Robinson. The motion was approved.

There are no updates available regarding the lawsuit. It is our understanding that we are waiting action on the part of the plaintiff.

The members discussed what could be done to improve participation in future swap meets based upon lessons learned from the January swap meet event. Members indicated that they thought the event came too early in the event and close to the holidays and that 7:00 AM seemed like too early a start time. These suggestions will be taken into consideration in future events.

Carl Landou handed out some safety guidelines which were generally accepted as reasonable by the members present. There was some discussion about whether 3D flyers needed a spotter and the member's present voted that one should not be required provided the 400 foot altitude restriction was adhered to. All flights over 400 feet regardless of the type of plane require a spotter.

A club fun fly is scheduled for February 12th (subsequently rescheduled to February 19th). There will be a \$5 event fee (basically to help cover lunch). There will be two competitive events (Spot Landing and Roll, Roll, Roll) and should be fun for everyone participating. All types of fixed wing aircraft are welcome to participate.

Everyone was reminded that we have the Harry Gould Memorial Pattern Competition scheduled for March 18th to 20th, an IMAC Competition in April and a Jet Rally in June. Additional information will be forthcoming.

The meeting was adjourned at 9:54 AM.

Minutes submitted by Steve Staudenmeir

# **HEMET MODEL MASTERS BOARD MEETING**

## Minutes for February 2022

The Board Meeting for February was cancelled.

**BOARD MEETINGS 1ST MONDAY OF THE MONTH**  
**GENERAL MEETING 3RD SATURDAY OF THE MONTH**

# Parking Plan For the Main Field

Parking by the shade structure is reserved for pilots. Non-flying individuals, spectators and guests are to park south of the shade structure. No RV's or trailers are allowed West of the Handicap parking area. If you are parking a trailer in front of the shade structure, the total length must not exceed 18 feet or you must unhook.

Hemet Model Masters urges you to support our local hobby shops whenever you can-

*Hemet's Hobby Headquarters*

**DYNAMIC HOBBIES**

**530 1/2 E Florida Ave. Hemet, Ca.**

**ONE OF THE LARGEST SELECTION OF AIRPLANE KITS AVAILABLE IN  
SOUTHERN CALIFORNIA**

**OWNER BOB PARCELL 951-925-9331 mel@netzon.net**

## **Safety At Club Flying Sites**

Starting of any engines is north side of yellow line, aircraft facing runway. No taxiing in the pits and staying within established perimeters , exceeding 400 ft ceiling. We have full scale aircraft overhead all the time and it only takes ONE incident to lose our field. No flying over the field workers on adjacent properties EVER!

All members are required to carry a first aid kit and fire extinguisher in their vehicles when flying. You never know when you or a fellow member will need some aid. Be prepared!! We strongly urge that no one fly alone.

TURBINE, IMAC and PATTERN MUST HAVE A SPOTTER WHEN FLYING!

## **Use of Club Facilities**

You must be a member of our club or a guest to use our facilities. Members please have your membership cards with you when you fly. Guests (per the bylaws) are allowed to fly three times prior to joining but must have an active AMA membership. Guests and 72mhz flyers must have AMA on frequency board prior to flying!

The Hemet Model Masters will extend courtesy membership to any "Active Military" individual allowing them to fly at our club fields as long as they have a current AMA membership.

## **Retrieving Crashed Aircraft From the Aqueduct Near Our Main Field**

Aqueduct Information for Retrieving crashed aircraft. Mike Thompson is the service representative that services the aqueduct near our main field. If your airplane is behind the second fence and not in the water runoff it is serviced by Mike Thompson. His direct line is 626-844-5610. Note: Before calling be nice and explain that you are with the Hemet Model Masters and that you have crashed you're rc plane beyond the second fence and would like to retrieve it without breaking any laws. If your plane is between the first and second fence it is serviced by another agency (Securitas Security), Mike Thompson can not help you. Hopefully this will help our members to retrieve their aircraft.

**HEMET MODEL MASTERS  
2021 Renewal Form  
Po Box 754 San Jacinto, Ca 92583**
