## President's Message

Hello fellow club members,

Happy New Years everyone. I hope you all had a Merry Christmas. As I sit here, I think of the great times I've had in modeling. The lessons I've learned. The valuable time I spent with my dad. The friends I've made along the way. I call some of them family some have passed on they're still in my thoughts and I miss them. The changes I've seen in modeling is truly remarkable from single channel escapement transmitters and basically guided free flights. To the equipment we have today and the aircraft we have available is nothing short of amazing. Modeling was and is one of the best things that ever entered my life. It gave me a reason to learn math. I didn't care for school. I did want to design my own airplanes. And an airplane is designed around math. The working with my mind and hands to create something and then fly it. To see your vision come to life gives you a feeling of pride and euphoria that is unmatched in modeling.

Okay everyone remember. NO TAXING IN THE PITS. NO FLYING OVER THE PITS. THE DEAD LINE IS THE OUTSIDE EDGE OF THE RUNWAY and it goes to INFINITY IN BOTH DIRECTIONS. ALL HIGH-SPEED PASSES SHALL BE DONE A MINIMUM OF 50 FEET OUT FROM THE FAR OR OUTSIDE EDGE OF THE RUNWAY. NO HIGH-SPEED PASSES OVER THE RUNWAY AS IN NONE. PATTERN IMAC 3D AND TURBINE AIRCRAFT MUST HAVE SPOTTERS. EVERYONE NEEDS TO PAY ATTENTION. FULL SCALE AIRCRAFT HAVE THE RIGHT OF WAY. DO NOT FLY/BUZZ THE FARMER OR PERSON ON THE TRACTOR. We shall respect our fellow club members and guest. The Hemet Model Masters isn't a strictly IMAC or Pattern or 3D Or Warbird or Jet club. It's a model aircraft club. It's great to be passionate about what you enjoy. As long as we all remember everyone goes out to the field to enjoy their passions as well.

See you at the Field !

Carl

**THE NEXT GENERAL MEMBERSHIP MEETING WILL BE HELD

## STEWART ROBINSON WINS THE SHOW AND TELL RAFFLE FOR 2021

During the year, members who bring a show and tell item at general membership meetings receive a raffle ticket for the show and tell raffle at the end of the year. The winner gets a nice prize, a \$100. In 2021, only three people participated in show and tell, Kevin McDonald, Carl Lindou and Stewart Robinson. This year Stewart Robinson won the raffle and the prize. We encourage all of our members to participate in the show and tell and meetings as this is a popular part of our general membership meetings. And, by doing so, you will have a chance at winning \$100 at the end of the year!

## SHOW AND TELL FROM THE DECEMBER MEETING

Kevin McDonald shows off his E-flite RV-7 BNF available from Horizon Hobby.

Carl Lindou shows off the foam core wings he is making for an Excalibur and explained how the building process works.

We discussed have a Fun Fly in February / March timeframe. Further information to come.

January 15th was selected as the date for a swap meet (subsequently changed to January 8th).

For show and tell, Carl Lindou showed the Excalibur wings he is building from foam core. In addition, Kevin McDonald showed his new E-flite RV-7 1.1m BNF which is available from Horizon Hobby for \$259.99.
