

Est. 1976 Academy of Model Aeronautics Gold Leader Club

THE BARNSTORMER

P R E S I D E N T ' S M E S S A G E

HOWDY my friends! As our Hobby continues to evolve we find ourselves faced with new technology and in-turn, new flying machines. The Hemet Model Masters has always been in favor of new technologies and new flying machines and as the hobby continues to grow we must ALL provide common courtesies and general safety measures. Always ask those flying before you “jump in” with your plane to fly with them. With this in mind, We are all very excited for the next few weeks and the two events we have coming up.

Oct. 10 & 11: This coming weekend the HMM field will be hosting a “fun fly” at the Simpson Field. Ww will be rotating the flights to allow equal time between the turbines and prop planes. SO, bring \$5 for your pilots registration, your favorite flyer, and \$6 for lunch. All proceeds will go towards field maintenance.

Oct. 24 & 25: On the weekend of Oct. 24 & 25 we will be hosting the IMAC group for one of their qualifiers. Currently we need 5 or 6 volunteers to assist with the IMAC event both days. Assisting with the event will get you a free lunch and the gratitude of your fellow club members.

IMAC 2020: Throw your hat in the ring!!! The IMAC representative on the HMM board of directors has requested we spread the word... IMAC has a class in their competition called “intermediate,” and this class has no plane restrictions or size limitations.

Nomination Committee: We are currently preparing for the 2020 Executive Committee and board nominations for the HMM club. We need five volunteers to staff the Nomination Committee. This committee will reach out to the club through the roster and find willing participants for the positions. Anyone in this group can also put their own name on the list for any of the positions should they wish to do so. Please reach out to me if you are willing to assist the club.

Stewart Robinson—President HMM

**BOARD MEETINGS 1ST MONDAY OF THE MONTH
GENERAL MEETING 3RD SATURDAY OF THE MONTH**

NEXT GEN MEETING OCTOBER 17, 2020 9:00 AM AT SIMPSON FIELD

The Barnstormer is the Official Newsletter of the Hemet Model Masters. It is published monthly for the benefit of its members. Copies are provided to interested individuals, local Hobby Stores and area RC Clubs. Portions of the Newsletter may be reproduced without the permission of the Hemet Model Masters. Acknowledgement of the author or source of the reprinted material is appropriate. Guest and prospective new members are always welcome at the General Meetings and the flying fields.

HEMET MODEL MASTERS BOARD MEETING

Minutes for August 3, 2020

(no Board Meeting was held in September due to the holiday)

- Meeting called to order by President Stewart Robinson at 7:02 pm.
- Board members present; Stewart Robinson, Mario Muniz, Richard Lawrence, Eddie James, Kevin McDonald, Don Turner, Don Radford, Jeff Malecki, Steve Staudenmeir
- Guest members present: None

Old Business

- There are no updates regarding the lawsuit against the club. We are still awaiting a date for a court conference but the courts are on a modified schedule due to the Covid pandemic.
- There are no updates regarding the potential move to a new flying field. The City of Hemet is currently not scheduling any meetings due to the Covid pandemic.

Safety

- No safety issues were noted.

New Business

- There was a discussion about the possibility that the old Gilman Springs RC field might be available. Some calls will be placed to determine if this might be possible.
- The Fall swap meet will be held on September 12th.
- Mario mentioned that a mower was available to the club at a very reasonable price (\$500). Two Board members agreed to contribute \$100 each for the purchase of the mower. The Board voted to proceed with the purchase. Unfortunately the Board discovered the next day that the mower had already been sold.
- The Board discussed the best way to keep the field mowed and to maintain the 25 to 30 foot perimeter around the field including paying someone to do it or requesting volunteers among the members but no solution was reached.

Meeting adjourned at 8:18 PM

Members Present 9

HEMET MODEL MASTERS GENERAL MEETING
Minutes for September 19, 2020

There were no minutes as the September meeting was cancelled due to Covid.

HMM Flying Sites Remain Open

For the time being, both Hemet Model Master's club fields remain open. However, we are concerned about the health and safety of all our members as a result of Covid-19.

Please observe the following recommendations-

- Please do not come to either field if you feel ill for any reason.
- Please comply with social distancing guidelines of greater than 6 feet both in the pits and on the flight line
- If you are over 65, please consider not coming to the field until this crisis has passed
- No hand shaking and no sharing of food or beverages.

We hope that you and your family remain healthy and safe and that this crisis passes quickly.

**ONE OF THE LARGEST SELECTION OF AIRPLANE KITS AVAILABLE IN
SOUTHERN CALIFORNIA**
OWNER BOB PARCELL 951-925-9331 mel@netzon.net

IMPORTANT NOTE

All members are required to carry a first aid kit and fire extinguisher in their vehicles when flying. You never know when you or a fellow member will need some aid. Be prepared!! We strongly urge that no one fly alone.

**CLUB RULE: TURBINE,
IMAC and PATTERN HAVE A SPOTTER WHEN FLYING**

SELLERS CORNER

Members please have your membership cards with you when you fly. This means everyone. Also new guests (per the by laws) are allowed to fly three times, then they must join to use our facilities. Guests and 72mhz flyers must have AMA on frequency board prior to flying!

The Hemet Model Masters will extend courtesy membership to any **“Active Military”** individual allowing them to fly at our club fields as long as they have a current AMA membership.

Club Id Cards are sent upon verification of AMA status . You can mail in your dues or see any club officer. [PayPal Info; hemetmodelmasters@gmail.com](mailto:hemetmodelmasters@gmail.com) (friends and family no fee). If you use regular PayPay add \$5.00 to cover fees.

If paying your dues at the end of the year is difficult you can start to make small payments at anytime starting now. See any officer and get a receipt so we can keep track.

SAFETY AT THE FLYING SITES

PLEASE ADHERE TO CLUB SAFETY POLICIES, THESE WERE PUT IN PLACE BY YOU THE MEMBERS AND A FEW OF YOU CONTINUE TO IGNORE THEM.

Starting of any engines is north side of yellow line, aircraft facing runway. No taxing in the pits and staying within established perimeters , exceeding 400 ft ceiling. We have full scale aircraft overhead all the time and it only takes ONE incident to lose our field. No flying over the field workers on adjacent properties EVER!

Metropolitan Water District

Aqueduct Information for Retrieving crashed aircraft. Mike Thompson is the service representative that services the aqueduct near our main field. If your airplane is behind the second fence and not in the water runoff it is serviced by Mike Thompson. His direct line is 626-844-5610. Note: Before calling be nice and explain that you are with the Hemet Model Masters and that you have crashed you're rc plane beyond the second fence and would like to retrieve it without breaking any laws. If your plane is between the first and second fence it is serviced by another agency (Securitas Security), Mike Thompson can not help you. Hopefully this will help our members to retrieve their aircraft.

Permanent TFRs issued for major sporting events and Disney properties

On October 27, 2018 the FAA issued three Permanent Temporary Flight Restrictions (TFRs) creating restrictions for the airspace surrounding major sporting events and the Disney properties in Anaheim CA and Orlando FL. The new flight restrictions permanently prohibit the operation of unmanned and radio-controlled model aircraft within roughly 3.5 miles of both the Disneyland and Walt Disney World theme parks. The restrictions are also in place for a period of one hour before and one hour after major sporting events.
