# THE BARNSTORMER

## P R E S I D E N T ' S M E S S A G E

Thank you all for an outstanding 2019 and all we have achieved. We have managed to raise money to be used for our flying sites, club support, and upcoming events. Please attend the monthly general meetings, we will do our best to have lunch for the membership each month as a thank you for your continued support. Donations will always be welcomed but not mandatory. I am looking forward to an equally successful 2020.

With the new year comes new ideas and plans! It is my goal to make our club more inclusive of the many different types of remote control our hobby has to offer. I would request volunteers as a representative from each of the segments of our hobby, (nitro, gas, propeller, jet, warbird, scale master, pattern, IMAC, 3D. etc.) to be a "voice to the board" in a collaborative effort to make sure EVERY aspect of our club is being properly represented and being given equal thought to the use of our facilities. Our club has grown into a great place to come visit with friends, family, and relax while enjoying the hobby.

Please remember to exercise patience when met with adversity and strength when helping others. We all have different experiences and preferences in our hobby and that is what makes it so successful.

You might have noticed the cleaning up around the edges of the field and at the entrance road to the Simpson field. Thank you to Mario for arranging this.

Sincerely,

Stewart Robinson

President, Hemet Model Masters

**BOARD MEETINGS 1ST MONDAY OF THE MONTH  
GENERAL MEETING 3RD SATURDAY OF THE MONTH**

**NEXT GEN MEETING JANUARY 18, 2020 9:00 AM AT SIMPSON FIELD**

The **Barnstormer** is the Official Newsletter of the Hemet Model Masters. It is published monthly for the benefit of its members. Copies are provided to interested individuals, local Hobby Stores and area RC Clubs. Portions of the Newsletter may be reproduced without the permission of the Hemet Model Masters. Acknowledgement of the author or source of the reprinted material is appropriate. Guest and prospective new members are always welcome at the General Meetings and the flying fields. Current Circulation is approximately 180 (email and hard copies included)

**HEMET MODEL MASTERS BOARD MEETING**

**Minutes for January 6, 2020**

- Meeting called to order by President Stewart Robinson at 7:02 pm.
- Board members present; Richard Lawrence, Kevin McDonald, Vincent Michael, Mario Muniz, Eddie James, Don Turner, Don Radford and Steve Staudenmeir.
- Guest members present: Scott Boersma and Lawrence Vasquez
- A drawing was conducted to determine the annual winner of the prize for show and tell. Member Scott Boersma drew the winning ticket and the winner was Kevin McDonald who received \$200. A decision was made to reduce future show and tell prizes to \$100.
- A discussion was held regarding the club's response to a recent lawsuit. On January 1, 2020 an email was sent to all members requesting a vote to retain a lawyer to represent the club. During the Board Meeting, Secretary Steve Staudenmeir reported that 31 members had responded to the email and the results were as follows:
  - 26 members voted yes to authorize retaining the attorney
  - 4 members voted no
  - 1 member abstained from voting

In accordance with the vote, the club has retained an attorney for \$5,000 to represent the club through the initial stages of the lawsuit.

- Board Member Richard Lawrence made a motion that the President will investigate and secure appropriate liability insurance to protect the club and board members against future lawsuits. Board Member Don Radford seconded the motion and the motion was unanimously approved.

**Meeting adjourned at 9:36 PM**

**Members Present 11**

# 11TH ANNUAL HARRY GOULD MEMORIAL PATTERN CONTEST

HOSTED BY HEMET MODEL MASTERS

MARCH 14-15, 2019

Sportsman, Intermediate, Advanced, Masters, FAI (P-18, F-18), and FAI Silver if there is enough interest will be flown. Awards to 3rd place in each class. This is an AMA sanctioned event so proof of AMA membership must be provided when registering. Sportsman Class will be allowed to fly any AMA legal airplane. \$40 for all classes except Sportsman which is \$30. Lunch will be available at the field for a nominal fee. Water is complementary. Camping is allowed at the field – no hook-ups.

Shade covering over complete pit area. Come see the nicest flying field in So. Cal.

Field is open at 8:am, with pilots meeting at 8:45 – wheels up at 9:00. Sun is an issue here in the afternoon, so we must get things started early. 2 flight lines will be used with contestant judging. If we have 10 or more participants in Masters and/or Advanced, we may split the class for judging. For the last 2 rounds on Sunday, we will offer the F-18 schedule for FAI.

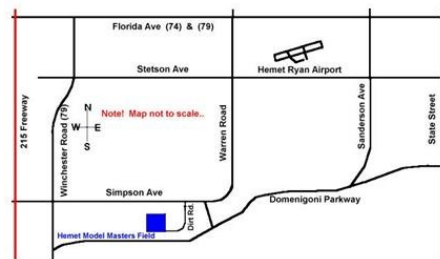

New rules in effect through the club that require a spotter to monitor full scale traffic through our airspace and if there is a conflict we will ask the pilots to reduce altitude to low level until full scale leaves our immediate area. If a new battery is needed, the pilot may land and replace.

### **Metropolitan Water District**

**Aqueduct Information for Retrieving crashed aircraft. Mike Thompson is the service representative that services the aqueduct near our main field. If your airplane is behind the second fence and not in the water runoff it is serviced by Mike Thompson. His direct line is 626-844-5610. Note: Before calling be nice and explain that you are with the Hemet Model Masters and that you have crashed you're rc plane beyond the second fence and would like to retrieve it without breaking any laws. If your plane is between the first and second fence it is serviced by another agency (Securitas Security), Mike Thompson can not help you. Hopefully this will help our members to retrieve their aircraft.**

### **Permanent TFRs issued for major sporting events and Disney properties**

**On October 27, 2018 the FAA issued three Permanent Temporary Flight Restrictions (TFRs) creating restrictions for the airspace surrounding major sporting events and the Disney properties in Anaheim CA and Orlando FL. The new flight restrictions permanently prohibit the operation of unmanned and radio-controlled model aircraft within roughly 3.5 miles of both the Disneyland and Walt Disney World theme parks. The restrictions are also in place for a period of one hour before and one hour after major sporting events.**
