Ladies and Gents,

As you probably know by now, the runway repaving project that was scheduled for the end of October was cancelled. The reason for this is that the City of Hemet was kind enough to notify us that they might require our property for other purposes within the next 2 to 5 years. They also indicated that they were hoping to offer us an alternative site roughly 3 times the size of the existing. There are many details to be worked out before any move happens so this will be a topic of ongoing discussion.

At this point, all we can really assume is that we will likely be able to fly at our existing field for at least the next couple of years. For this reason, the Board is recommending that an amount be budgeted for repairing and maintaining the existing runway for consideration by the members.

Elections are upon us and I have decided not to run for President this year. Nominations for Officers and Board Members have been made and are listed on page 7. Ballots will be distributed shortly.

Reminder: Please pack your trashed planes home and last one out the gate, lock the gates.

President Of HMM

Richard Lawrence

**BOARD MEETINGS 1ST MONDAY OF THE MONTH
GENERAL MEETING 3RD SATURDAY OF THE MONTH**

NEXT GEN MEETING NOVEMBER 16, 2019 9:00 AM AT SIMPSON FIELD

The **Barnstormer** is the Official Newsletter of the Hemet Model Masters. It is published monthly for the benefit of its members. Copies are provided to interested individuals, local Hobby Stores and area RC Clubs. Portions of the Newsletter may be reproduced without the permission of the Hemet Model Masters. Acknowledgement of the author or source of the reprinted material is appropriate. Guest and prospective new members are always welcome at the General Meetings and the flying fields. Current Circulation is approximately 220 (email and hard copies included)

HEMET MODEL MASTERS BOARD MEETING

Minutes for November 4, 2019

- Meeting called to order by President Richard Lawrence at 7:00 pm.
- Board members present; Stewart Robinson, Vincent Michael, Dwayne Higgenbotham, Eddie James, Kevin McDonald, Don Radford, and Steve Staudenmeir.
- There was discussion around the notification that the club had received from the City of Hemet regarding the potential loss of our field at Simpson Road in the next 2 to 5 years which was the reason the scheduled repaving project was cancelled. The City has tentatively suggested a 60 acre site (about 3 times the size of our existing field) located near the intersection of Warren Road and Esplanade Ave. The City has indicated that the site might be available for our use in 18 months or so. There are many details to be worked out however. The club will need to perform a review regarding the proposed new field and suitability for our club.
- Given that the runway repaving was cancelled, the Board discussed what the club might want to do to maintain the existing field. The Board agreed to recommend to the membership that a budget of up to \$5,000 be allocated to patch the existing runway. This will be brought up at the November General Membership Meeting.
- The annual election process was discussed as was the need to tighten up the balloting process given that major leadership changes will occur this year. Also, in the past some members seemed unaware that elections were even occurring. This will be discussed at the November General Membership Meeting.
- There were no safety issues reported requiring the board's attention.

Meeting adjourned at 7:45 PM

Members Present 8

Minutes submitted by Stewart Robinson

HEMET MODEL MASTERS GENERAL MEETING
Minutes for "October 19, 2019"

Meeting called to order by Richard Lawrence at 9:10am

- **Pledge of allegiance**
- **Meeting minutes Motion to accept by David Gomez and seconded by Jeff Malecki, all approved.**
- **Treasurers report: was reported by Treasurer Stewart Robinson. Motion to accept by Don Radford, seconded by Jeff Malecki all approved.**
- **Guests or new members: Bruce Jensen, renewing member**

- **OLD BUSINESS:**
 - **Member Steve Bestwick brought up that he felt the vote on the Runway at the previous meeting was not fair. He felt that others were not allowed to vote.**
 - **A motion was made to approve the minutes as they stood. Steve Bestwick voted no and all others present voted yes. Motion carried.**
 - **Richard announced that the runway repaving was scheduled to happen 10/28**

- **NEW BUSINESS:**
 - **Steve Bestwick indicated he would like for the total number of yes and no votes published.**
 - **The AMA Expo is happening at the Pomona Fairplex in the next couple of weeks. Hemet Model Masters has decided not to have a booth this year.**
 - **There was a suggestion that the club look into flags for boundary markers. This is a good idea and the club will look into it.**
 - **The Hemet Veterans Parade is occurring but the club has decided not to participate this year.**
 - **Officer and Board Member nominations were requested and recorded. The nominations are listed on page 7 of this newsletter. Ballots will be sent out shortly with results to be announced in December.**

Meeting adjourned at 9:43 am Minutes submitted by Stewart Robinson
Total Attendance 28 persons

Metropolitan Water District

Aqueduct Information for Retrieving crashed aircraft. Mike Thompson is the service representative that services the aqueduct near our main field. If your airplane is behind the second fence and not in the water runoff it is serviced by Mike Thompson. His direct line is 626-844-5610. Note: Before calling be nice and explain that you are with the Hemet Model Masters and that you have crashed you're rc plane beyond the second fence and would like to retrieve it without breaking any laws. If your plane is between the first and second fence it is serviced by another agency (Securitas Security), Mike Thompson can not help you. Hopefully this will help our members to retrieve their aircraft.

Permanent TFRs issued for major sporting events and Disney properties

On October 27, 2018 the FAA issued three Permanent Temporary Flight Restrictions (TFRs) creating restrictions for the airspace surrounding major sporting events and the Disney properties in Anaheim CA and Orlando FL. The new flight restrictions permanently prohibit the operation of unmanned and radio-controlled model aircraft within roughly 3.5 miles of both the Disneyland and Walt Disney World theme parks. The restrictions are also in place for a period of one hour before and one hour after major sporting events.
