Safety Info	6
Event Schedule	7
Acknowledgments	8

Ladies and Gents,

I am proud to announce that after many long months of discussion the runway repaving project is a go. The project will be completed on October 28th. The repaving will include a material that will stabilize the existing runway asphalt to help keep the new overlay from cracking. Then entire runway will be topped with 1.5" inches of new asphalt. This will provide for a vastly improved facility that our members can be proud of. Thanks to all of you who have supported and stuck to the plan and didn't give up on the vision. The club will have a top notch runway for many years for many to come and I know that it will attract new events and members.

Our next general meeting will start the process of filling out the executive board and board of directors with nominations.

The following month being the month for voting on the nominees.

Hope to see a good turn out.

Reminder: Please pack your trashed planes home and last one out the gate, lock the gates.

President Of HMM

Richard Lawrence

**BOARD MEETINGS 1ST MONDAY OF THE MONTH  
GENERAL MEETING 3RD SATURDAY OF THE MONTH**

**NEXT GEN MEETING OCTOBER 19, 2019 9:00 AM AT SIMPSON FIELD**

The **Barnstormer** is the Official Newsletter of the Hemet Model Masters. It is published monthly for the benefit of its members. Copies are provided to interested individuals, local Hobby Stores and area RC Clubs. Portions of the Newsletter may be reproduced without the permission of the Hemet Model Masters. Acknowledgement of the author or source of the reprinted material is appropriate. Guest and prospective new members are always welcome at the General Meetings and the flying fields. Current Circulation is approximately 220 (email and hard copies included)

**HEMET MODEL MASTERS BOARD MEETING**

**Minutes for October 7, 2019**

- Meeting called to order by President Richard Lawrence at 7:00 pm.
- Board members present; Stewart Robinson, Dwayne Higgenbotham, Jeff Barker, Eddie James, Kevin McDonald, Don Radford and Steve Staudenmeir.
- The runway repaving is set for October 28th or possibly earlier if the contractor's schedule permits. The project is scheduled to take one day.
- A safety concern was raised that we need to remind all of our members not to fly over farm workers in the fields adjacent to ours. Please wait until workers have moved safely away from the areas we fly over.
- Charles Lewis is still petitioning the Board to reinstate his membership.
- Nominations and balloting for officers and board members will be coming up soon and an appropriate process needs to be put in place to ensure that this occurs smoothly.
- Stewart presented examples of the new membership cards that will be distributed this year. The cards are plastic and permanent and will only require a renewal sticker to be affixed to each card rather than printing new cards each year.

**Meeting adjourned at 7:45 PM**

**Members Present 0**

**Minutes submitted by Stewart Robinson**

**HEMET MODEL MASTERS GENERAL MEETING**  
**Minutes for "September 21, 2019"**

**Meeting called to order by Richard Lawrence**

- **Pledge of allegiance**
- **Meeting minutes Motion to accept by Kevin McDonald and seconded by Steve Staudenmeir, all approved.**
- **Treasurers report: was reported by Treasurer Stewart Robinson. Motion to accept by Kevin McDonald, Seconded by Eddie James, all approved.**
- **The club welcomed one guest, Joey Cass.**
  
- **OLD BUSINESS:**
  - **Richard Lawrence presented a contractor bid for \$38,000 that will include a mesh overlay of the entire runway topped by 1 1/2 inches of asphalt paving. This was the type of improvement the club has been seeking for some time and was a one-time offer by the contractor given that such work would typically be quite a bit more costly. A vote was taken of the members in attendance and the bid was overwhelming approved. Of the 24 members in attendance, 22 voted to approve the project with 2 voting against. The repaving projected is expected to be completed by the end of October.**
  - **Member Steve Beswick has done some valuable research regarding various approaches to the runway project and he passed out some quotes he had received. However, the approach that Richard Lawrence presented was consistent with what the club has been seeking and as a result further discussion of Steve's approaches was tabled.**
  
- **NEW BUSINESS:**
  - **There was some discussion whether County of Riverside discretionary funding might be available to assist with the funding of the runway repaving project. Stewart Robinson agreed to contact the County regarding this possibility.**
  - **Given the amount of club funds that will be spent repaving the runway the club voted that raffles will be suspended until the Toys for Tots event in December.**
  
- **SHOW AND TELL**
  - **Neal Smiley brought his Blue Marchetti Turbo Prop to show. A truly beautiful aircraft.**

### **Metropolitan Water District**

**Aqueduct Information for Retrieving crashed aircraft. Mike Thompson is the service representative that services the aqueduct near our main field. If your airplane is behind the second fence and not in the water runoff it is serviced by Mike Thompson. His direct line is 626-844-5610. Note: Before calling be nice and explain that you are with the Hemet Model Masters and that you have crashed you're rc plane beyond the second fence and would like to retrieve it without breaking any laws. If your plane is between the first and second fence it is serviced by another agency (Securitas Security), Mike Thompson can not help you. Hopefully this will help our members to retrieve their aircraft.**

### **Permanent TFRs issued for major sporting events and Disney properties**

**On October 27, 2018 the FAA issued three Permanent Temporary Flight Restrictions (TFRs) creating restrictions for the airspace surrounding major sporting events and the Disney properties in Anaheim CA and Orlando FL. The new flight restrictions permanently prohibit the operation of unmanned and radio-controlled model aircraft within roughly 3.5 miles of both the Disneyland and Walt Disney World theme parks. The restrictions are also in place for a period of one hour before and one hour after major sporting events.**

- DA150 with mufflers \$600 see Mario
- Tucano ARF 30CC size new no box \$100 see Mario
- Eflight SeaFury with retracts new never flown receiver ready \$150 see Mario

**LOST AND FOUND**

- On Sat Oct 12 Tom Mulder left a spray bottle cleaner at the field. It has a long neck for holding a paper towel roll. Currently it has blue paper towels. If anyone found it, please contact Tom at 619.804.8596. Tom is the member who flies the Coast Guard 25cc Stearman.

**Members please have your membership cards with you when you fly. This means everyone.** Also new guests (per the by laws) are allowed to fly three times, then they must join to use our facilities. Guests and 72mhz flyers must have AMA on frequency board prior to flying!

The Hemet Model Masters will extend courtesy membership to any **“Active Military”** individual allowing them to fly at our club fields as long as they have a current AMA
