This newsletter will be the last time I will have to stand on my runway improvement soapbox— I promise. The way I see it, it is time to get off the dime and commit to a new runway regardless of the method the club takes. The hard work of those who shared our vision for a new runway needs to come to fruition. As a club, we have worked on this project for two years and we need to complete the mission. This is the month it will be done.

With that being said, if anyone wants to have a voice in the matter, show up at 9:00 a.m. on Saturday, September 21, at the HMM Simpson Field general meeting. No shows or abstentions are 'yes' votes.

On another note, we have a final event of the year that many of us look forward to — the Toys for Tots Fun Fly. Be sure to come to the HMM Simpson Field on Saturday, December 14 and donate to those less fortunate.

Thank you, Stewart Robinson, for installing the sign at the Davis Field. You took on this project and completed it by yourself. I look forward to future collaborations with you.

Last, but not least, don't forget to pack out your trashed plane in a bag. And if you happen to be the last one out, lock the gate!

Richard Lawrence
Hemet Model Masters
President

**BOARD MEETINGS 1ST MONDAY OF THE MONTH
GENERAL MEETING 3RD SATURDAY OF THE MONTH**

NEXT GEN MEETING SEPT 21, 2019 9:00 AM AT SIMPSON FIELD

The **Barnstormer** is the Official Newsletter of the Hemet Model Masters. It is published monthly for the benefit of its members. Copies are provided to interested individuals, local Hobby Stores and area RC Clubs. Portions of the Newsletter may be reproduced without the permission of the Hemet Model Masters. Acknowledgement of the author or source of the reprinted material is appropriate. Guest and prospective new members are always welcome at the General Meetings and the flying fields. Current Circulation is approximately 220 (email and hard copies included)

HEMET MODEL MASTERS BOARD MEETING

Minutes for September 2, 2019

- Meeting called to order by President Richard Lawrence at 6:52 pm.
- Board members present; Richard Lawrence, Stewart Robinson, Vincent Michael, Dwayne Higgenbotham, Don Turner, Eddie James, Kevin McDonald, and Steve Staudenmeir.
- The meeting was held for the specific purpose of hearing the statements of a member whose membership had been previously revoked. The member was invited to present why the Board should reconsider the decision to revoke his membership. After hearing the presentation of the member, he was excused from the meeting. The Board then discussed the merits, however concluded that the version of the story presented by the member conflicted with other eyewitness accounts, who were not a direct participant of the altercations. As a result of another very long and thoughtful discussion, the requested revocation was denied and the original decision of the Board stands.

Meeting adjourned at 8:00PM

Members Present 11

HEMET MODEL MASTERS GENERAL MEETING
Minutes for "August 17, 2019"

Meeting called to order by Richard Lawrence

- **Pledge of allegiance**
- **Meeting minutes Motion to accept by Eddie James and seconded Ralph Torres, all approved.**
- **Treasurers report: was reported by Treasurer Stewart Robinson. Motion to accept by Ralph Torres, Seconded by Mario Muniz, all approved.**
- **No new members attending.**

- **OLD BUSINESS:**
 - **A review of the Warbird event was given.**
 - **There was a discussion regarding the status of the proposed runway project and a vote was taken regarding whether to continue to make patches like we have in recent years or invest in the runway by either replacing it or extensive repair. The vote was to move forward with either the replacement or repair of the runway instead of minor patch work.**
 - **There was agreement that more information was required so that a proper decision could be made regarding how to best accomplish the runway replacement. Two alternatives have been proposed (Poly Pavement or Asphalt overlay). The following tasks will be performed:**
 - 1. Talk with the City of Hemet about the possibility of getting a longer lease on the land.**
 - 2. Get soil samples to ensure that Poly Pavement is a viable option.**
 - 3. Get more details about the asphalt project.**

- **NEW BUSINESS:**
 - **No new business was discussed.**

- **Lunch was served to the members following adjournment.**

Meeting adjourned at 10:00 am Minutes submitted by Stewart Robinson
Total Attendance 32 persons

Metropolitan Water District

Aqueduct Information for Retrieving crashed aircraft. Mike Thompson is the service representative that services the aqueduct near our main field. If your airplane is behind the second fence and not in the water runoff it is serviced by Mike Thompson. His direct line is 626-844-5610. Note: Before calling be nice and explain that you are with the Hemet Model Masters and that you have crashed you're rc plane beyond the second fence and would like to retrieve it without breaking any laws. If your plane is between the first and second fence it is serviced by another agency (Securitas Security), Mike Thompson can not help you. Hopefully this will help our members to retrieve their aircraft.

Permanent TFRs issued for major sporting events and Disney properties

On October 27, 2018 the FAA issued three Permanent Temporary Flight Restrictions (TFRs) creating restrictions for the airspace surrounding major sporting events and the Disney properties in Anaheim CA and Orlando FL. The new flight restrictions permanently prohibit the operation of unmanned and radio-controlled model aircraft within roughly 3.5 miles of both the Disneyland and Walt Disney World theme parks. The restrictions are also in place for a period of one hour before and one hour after major sporting events.

Hemet's Hobby Headquarters

Club Id Cards are sent upon verification of AMA status . You can mail in your dues or see any club officer. [PayPal Info; hemetmodelmasters@gmail.com](mailto:hemetmodelmasters@gmail.com) (friends and family no fee). If you use regular PayPay add \$5.00 to cover fees.

If paying your dues at the end of the year is difficult you can start to make small payments at anytime starting now. See any officer and get a receipt so we can keep track.

SAFETY AT THE FLYING SITES

PLEASE ADHERE TO CLUB SAFETY POLICIES, THESE WERE PUT IN PLACE BY YOU THE MEMBERS AND A FEW OF YOU CONTINUE TO IGNORE THEM.

Starting of any engines is north side of yellow line, aircraft facing runway. No taxing in the pits and staying within established perimeters , exceeding 400 ft ceiling. We have full scale aircraft overhead all the time and it only takes ONE incident to lose our field. No flying over the field workers on adjacent properties EVER!
